If you're tired of dancing around your shower trying to get wet, because the water flow just isn't powerful enough to soak you through, you need to consider installing a shower pump. The right shower pump can transform a frustrating showering experience into the shower of your dreams that will re-invigorate and refresh you at the start or end of every day. Talk to your tradesman or Showroom Manager to make sure you get the pump that's best for you.

2 year guarantee

iflo Shower Pump

- Four flexible connectors with push-fittings are included for quick and easy installation
- Rated at 1.5 bar pressure
